Hello AAMC Members and Friends,

How is your summer of magic going? I hear of our members performing magic shows and making appearances all over Michigan. Whether performing magic, making balloon sculptures, face painting, juggling or stilt walking we are busy promoting the performing arts we love. Please share with the club where you'll be appearing so we can come out and support you.
Let's talk ethics for a moment. We can plan to delve into this with a discussion at a near future meeting and get your feedback. But for now I'll say that as Fellow members in the AAMC, the I.B.M. or S.A.M. or other magic clubs I believe most have a code of ethics to follow. I hope that we are also friends in the magical arts and would treat each other with respect. I haven't noticed a lack of respect here but have heard of others trying to steal gigs or under bid to gain a show or appearance. I fill in making balloons at a restaurant 3 to 4 times a year for an old friend. He trusts me to be prompt and professional as I represent him while I am there and to NOT steal his gig. Even if they offered it to me I would decline as it has been his for years and he has done the work to secure it.
Have you ever accepted a gig and then backed out to accept a better one? I hope nobody has done that as it reflects poorly on all of us in the profession. Or if you make a commitment to help out at a club event or perform in a show I hope that you do everything in your power to fulfill that commitment. It's understood that our full time jobs obviously take priority as

well as family obligations and emergencies.
As the AAMC continues to grow we all share in the opportunities and burdens of supporting and promoting the AAMC and the Art of Magic.

Secretary's Report
By Karl Rabe

June Meeting

Our meeting kicked off with Karl & Bill Rabe performing their "Go Blue / Go Green" color changing silk routine. A large maze colors silk and a large blue colored silk match Karl's University of Michigan shirt and hat as Hail to the Victors plays.. then the record scratches and the music changes to the Michigan State Fight Song as Bill changes the silk to Green and White. This occurs several times as Karl and Bill try to encourage the crowd to cheer for their favorite university in the intra-state rivalry. The routine concludes when the music changes to the Notre Dame Fight Song and a huge Fighting Irish flag is produced by Karl and Bill.

President Dan Jones who announced this will be his last term delivered his first of six retirement speeches. Dan also introduced our newest member, Brian Mielewski. Welcome Brian. We discussed the recent local Houdini lecture "Just Wild About Houdini" presented by Jeremy Dimick of the Detroit Historical Society. Then we had a quick recap of our Spring Parlor Show which went off without a hitch and Dan Jones presented each of the on-stage performers with a signed and framed copy of the

show poster. Our Treasurer, Rob Krozal, provided a recap of our finances for the show. We discussed ways to increase attendance.

Then it was on to the learning session. This month’s topic was Color Changing Silks.

- Dan Jones shared a variety of gimmicks, including a hank ball and various sizes and shapes of palm-o balls.
- Our VP Sean Howell then demonstrated use of the palm-o ball for a color change.
- Mike Thornton jumped in and provides some hints and tricks on showing both hands empty while using a palm-o, as well as loading and dumping the loaded palm-o from a hat. Mike showed his method for popping the silk out the top of the hand when completing the color change.
- Our Secretary Karl Rabe shared a few more palm-os including a rubber one, as well as a metal dye tube with a sliding baffle from Rice Silks. Karl also shared the Massall change tube including a home-made one.
- Don Oesterwind discussed a variety of silk effects.

Then it was on to performances.

- Kevin Peshick performed an entertaining and funny Henrietta the Mind Reading Chicken routine.
- Mike Reuter performed a stabbed card in bag with Tara assisting. Mike produced a shot of bourbon from the bag as a finale.
- Tara McAllister demonstrated a change she is making to her butterfly effect using a larger butterfly and larger fans.
- Bou-Yu Chen performed a card trick with Don Oesterwind assisting. The selected card disappeared from the deck and then later re-appeared but upside-down.

Past Events

Ming and Barbara

A number of club members turned out at the Canton Library to see Ming and Barbara perform for about 120 young kids. It was a great show and a lesson in how to take a “trick” and make it into “entertainment”. Among other effects, Ming performed the Linking Rings, Miser’s Dream and the Floating Table. For each of these three effects it was good to see how Ming did not “over do” any of the magic. He produced maybe a dozen coins for Miser’s Dream. He used three rings for the Linking Rings. The Floating Table maybe had 120 seconds total of air time. Each effect amazed and entertained the audience but also left them wanting more. Every word and move had a reason and was logical. Well done Ming and Barbara!

Kinetic Kay

Kinetic Kay was walking tall on Mackinac Island for their annual Lilac Day Festival. Kay may appear taller in this picture than in real life, because she is wearing heels. What a great outfit!

Magic Camp

A number of club member’s volunteered for the Plymouth Community Arts Council Magic Summer Camp. Over a period of 5 days (9am – noon), 8 young folks were taught magic and stage craft, culminating in putting on a show for their parents on the last day of the camp. We will have a more detailed summary soon.

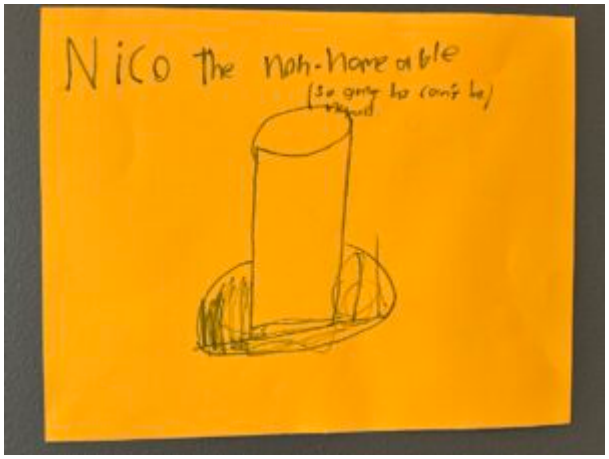
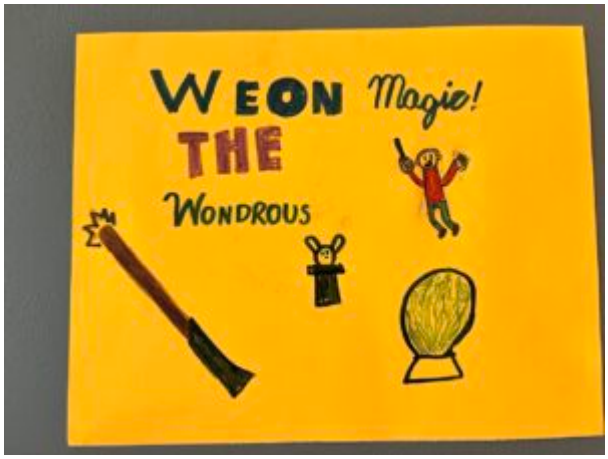
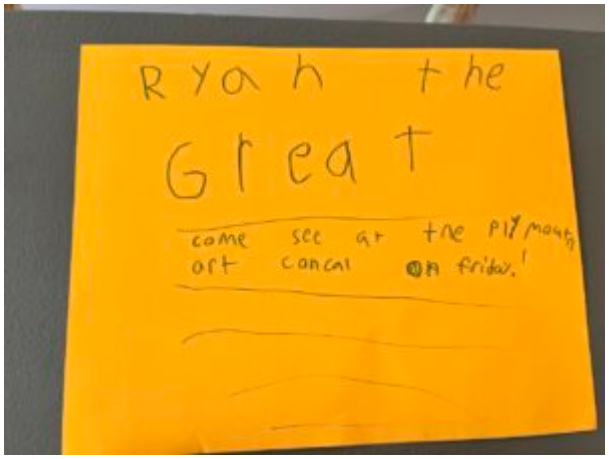
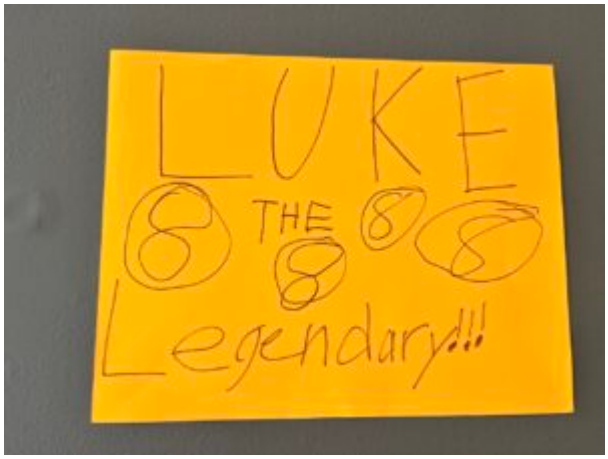
Students created a persona, selected a costume and created a poster for their act.









We actually had too many volunteers from the club this year. Thank you to Mike Bogdas, Michael Doyle, Jeff Boyer and April Barrett for volunteering even though it ended up we didn’t use you.

Alexander

A number of members attended a show in Ann Arbor put on by Alexander the Magician. There were a number of Ring 22 & 210 members in attendance.

Bill Rabe with Alexander the Magician

Members Karl, Bill and Patty attended Jay Gilligan's REFLEX show in Ann Arbor. If you ever get the opportunity to see Jay, it will blow your mind. We were lucky to get front row seats and I was amazed. Jay juggles 6 balls effortlessly and that is just the beginning…
